

E-MAX INSTRUMENTS, INC. warrants each instrument manufactured by our company to be free from defects in material and workmanship. Our obligation under this warranty is limited to servicing, adjusting or replacement of an instrument returned to the factory for that purpose, and to making good at the factory any part or parts thereof. The Warranty is enforced within 12 months after installation or 18 months after shipment, whichever occurs first, to the original purchaser, must be returned by the original purchaser with transportation charges prepaid, and which upon our examination shall disclose to our satisfaction to have been thus defective. If the fault has been caused by misuse, abuse, improper installation/application, repair, alteration, accident or negligence in use, storage, transportation or handling, repairs will be billed at the nominal cost. In this case, an estimate will be submitted before work is started, if requested.

If any fault develops, the following steps should be taken:

1. Notify E-MAX Instruments, Inc., giving full details of the difficulty, and include the model number, type number and serial number. Upon receipt of this information, service information or shipping instructions will be forwarded to you.
2. If service is to be performed at our facility, upon receipt of the shipping instructions, please forward the instrument prepaid, and repairs will be made, at the factory.

OR

If service is to be performed in the field, you will be contacted by E-MAX to schedule a service appointment with an E-MAX representative.

The foregoing warranty is in lieu of all other warranties, expressed or implied, by operation of law or otherwise. E-MAX Instruments, Inc. shall not be liable for any special, incidental or consequential damages. Its liability being expressly limited to the repair or replacement of defective material.
